CUPS FOR MANY AT PIPING ROCK SHOW

Miss Hitchcock Again Carries Off Lion's Share of Honors with Her Horses.

CAVALIER BEATS CORONET

Miss Webb Wins the Burling Cocks Trophy - Nickel Plate Winner in Champion Class.

Competition for the various challenge cups closed the Piping Rock Horse Show at Locust Valley yesterday. The exhibition proved far and away more interesting than the usual champion classes which close nearly all of the shows.

The conditions governing these cup were so diversified that every one had a chance to win at least a leg on one of the trophies, and some of them were won out-

Miss Helen Hitchcock was again as much to the fore as on the opening day of the show, and, mounted on Mrs. Hitchcock's chestnut gelding Cavalier, she wor the final leg on the Meadow Brook Chal-lenge Cup Cavalier had to defeat the champion, Coronet, to win the trophy, but the conditions stated that the cup must be won twice by the same owner, not necessarily with the same mount. Coro-net was piloted to victory last year by Miss Celestine Hitchcock.

The Piping Rock Challenge Cup was offered for the best saddle horse, and there was no doubt in the minds of spec-tators or judges that this belonged to Miss Hopeton D. Atterbury's Nickel Plate. The big gray is generally conceded to be not only the best at Piping Rock, but the best in the country. Last year Miss Atterbury won the first leg on the trophy

with her chestnut mare Patricia.

Miss Edith Beavor-Webb was the recipient of the Burling Cocks Memorial Cup, which was offered to the woman displaying the best horsemanship. This was a signal victory for the young rider. for she had to meet the best amateur horsewomen in the country. Among the competitors were Miss Hopeton Atterbury, who won a similar trophy last year, and Miss Marjorie Hubbs. By unanimous consent of the self-ap-

pointed judges Miss Helen Hitchcock won the 'Cross-Country Cup, offered by Mrs. Thomas Hastings to the woman showing the best horsemanship over jumps, the course to be arranged by the committee. Miss Hitchcock won eight blue ribbons

ATHLETIC FIELD FOR NEWARK.

An athletic field will soon replace the motorcycle track of the Fewark stotol drome, where several persons were killed last year when the machine of Eddie Hasha, a rider, dashed up the embankment and into the spectators. A squad of laborers has been engaged for the past few days tearing up the infated track.

MONTCLAIR HORSE SHOW

TRIUMPH FOR WOODFORD

DEEGAN TAKES A TUMBLE

Rider Escapes with Slight In. juries When Girlie Slips on Turf and Jams His Right Leg.

Despite the rival attraction at Piping Rock, the Montclair Horse Show Association held the best exhibit in its history at the Montclair Athletic Club grounds yesterday. Everything combined to make the show wellnigh perfect; there was a programme replete with a wide

variety of classes, horses of top notch quality, a crowd of spectators numbering at least five thousand and, last and of much import, a day up to the desire of all. It was the eighth annual show that the Montclair folk have held.

Even the most fastidious could not have asked for a better list of entries. In all there were twenty-six classes, and of necessity the judging began in the morning and continued through a long afternoon session until idown.
Only one thing marred the afternoon.

Henry Deegan had the mount on Miss Kathleen M. Kiley's brown mare Girlle, and was showing the animal through its paces after she had won the blue ribbon when she slipped on the damp turf and fell heavily on her right shoulder. Deegan was thrown and Girlie jammed his right leg to the ground. When the mare got up Deegan arose without assistance, but he limped badly the rest of the afternoon His knee and ankle were severely strained, but otherwise he was unhurt.

Mrs. Edwin Gates Babcock made a won derful showing with her black gelding Woodford, Four blues fell to Woodford's lot, all save one in out and out saddle horse classes. He undoubtedly was the pick of the day. The first of the quartet of blues to come to him was in the combination harness and saddle classes, and he followed this up with victories in the straight saddle horse class, the saddle horse class, ladies to ride, and the class for saddle horses in pairs, in which he showed with Dr. E. Campbell Douglas's Black Pearl.

Henry Deegan scored a double victory with his chestnut gelding Acrobat in the classes for jumpers, the performance in one being jumps over four feet and in the other over bars set three inches higher. In both classes Deegan was a busy man, for in addition to guiding his own horse he handled eight others across the jumps. Acrobat, however, had a clean margin over the field, every one of his jumps being practically perfect.

Captain William A. Bryant, of Mont-clair, monopolized the two military classes, the first, for officers' chargers, going to his bay gelding First Call, and the second for jumpers being won by his DEFEATS MONTCLAIR the second for jumpers being won by his brown gelding Alexander. He could not very well have lost either class, for he was the only exhibitor whose horses were in the ring. In the jumpers class Alex-Has Margin of Two Goals at ander ran amuck and dashed out of the men were rolled over, but neither was hurt.
